Freeline Organic Food

Private label organic soy sauce

Freeline Organic Food is the exclusive European agent for Wan Ja Shan organic soy sauces.

Wan Ja Shan is one of the leading manufacturers of naturally brewed Soy Sauce. The company started in 1945 and has several plants in the USA, Taiwan and China. Wan Ja Shan soy sauce is **NATURALLY BREWED** from the basic ingredients: soybean, wheat, salt and water. The step-by-step brewing process is described on our website: www.wanjashan.com.

All organic products of Wan Ja Shan are Kosher and Pareve.

At this moment we can supply the following organic products:

Organic Soy Sauce

A well balanced naturally brewed soy sauce.

Organic Tamari Wheat-Free

Aged soy sauce with stronger taste and deeper flavour. Gluten free, naturally brewed soy sauce.

These products can be supplied from retail packaging size (250 ml) to bulk-size packaging (25.000 l).

For more information about the possibilities of private label soy sauce, contact Freeline Organic Food.

High quality organic vegetable oil

Freeline Organic Food started with organic food in 1998. Through experience we can fulfil your needs for organic products. Freeline Organic Food has established long-term relationships with both suppliers and buyers.

Freeline Organic Food is engaged in the production of high quality organic sunflower oil, lino oleic and especially **high oleic**.

The trend worldwide is towards healthier eating, with high oleic sunflower oil having much lower cholesterol risks and greater health benefits.

High oleic sunflower oil contains a much higher percentage of mono-unsaturated fatty acids which have proven to be healthier than poly-unsaturated fatty acids, in fact high oleic sunflower oil has a **higher percentage of mono-unsaturated fatty acids than both olive and canola oil**.

Quality, produced from the most pure and selective raw materials. Apart from shipment in bulk flexi tanks, we can pack in IBC's and drums. We are Skal certified, have NOP certification for export to the USA and we work with a Kosher certified production facility.

Besides high oleic sunflower oil we specialize in high quality organic coconut oil, organic rapeseed oil, organic safflower oil.
